### **Rules:**

1. 6 head minimum per breed (If not 6 head then placed in All Other Breed Class)
2. Steers must be registered by the breed association and shown by owners on papers. (exception: if 2 or more steers are shown by the same exhibitor) Tattoos will be checked. Cattle must be tied in the barn or in the **NEW- CATTLE PARK AND SHOW ZONE (No Electric Provided). Exhibitors in the park and show zone must clean up after themselves or forfeit future participation.**
3. Lambs go by the 3 strike rule for classification- same as the All American Junior Show Market classes
4. Swine to be classified according to breed characteristics.
5. All breed classification and papers to be checked at weigh in. Any reclassification will be entered as a crossbred. Committee decision is final.
6. Pens will be assigned. Exhibitors may not rearrange pen assignments without show committee approval. Bedding not provided but shavings available for sale. Shavings only for lambs, goats and hogs.
7. Exhibitors are asked to please clean their pens prior to leaving the grounds.

## Health Rules and Regulations For Delaware Livestock Shows

An official health certificate from the state of origin, signed by an accredited veterinarian, shall accompany all animals from outside the state of Delaware. The health certificate shall contain the name and address of the owner and accurate identification of each animal and shall indicate the health status of the animals, including results of any required tests. Cattle and Swine must be identified by an official ear tag (US Symbol on the tag). This official identification number shall be listed on the health certificate. Health certificates shall be void thirty (30) days after issuance. Delaware will accept Maryland's Intrastate Health Certificate provided it has been checked and signed at a Maryland show within the last thirty days.

### **Cattle:**

Health certificate with official animal identification

No tests required if animals are from a Brucellosis and TB Free State or from a certified and accredited herd. Herd numbers and last test date must be included on the health certificate

All other animals, not from a free state, over six (6) months of age must have a negative brucellosis and TB test within thirty (30) days

### **Swine:**

Health certificate with official animal identification

No Brucellosis test required if animals are from a Brucellosis free state

No Pseudorabies test required if animals are from a pseudorabies free (stage V) state or from a PRV Qualified Negative Herd; herd number and last test date shall be on the health certificate

All other animals, not from a free state, over six (6) months of age shall have a negative brucellosis and pseudorabies test within thirty (30) days

Statement on health certificate stating that these swine have NOT been fed any raw garbage and to the best of my knowledge, swine represented on this certificate have not originated from a premises known to be affected by Porcine Epidemic Diarrhea virus (PEDv).

### **Sheep:**

Health certificate with animal identification

Statement on health certificate stating there has been no evidence of any infectious or contagious disease including foot rot and sore mouth and there has been no scrapie reported in this flock for the last four (4) years

All females and intact males must have official scrapie identification

### **Goats:**

Health certificate with animal identification

No tests required if from a Brucellosis and TB free state or from a certified and accredited herd. Herd number and last test date must be included on the health certificate

All other animals, not from a free state, over six (6) months of age must have a negative brucellosis and TB test within thirty (30) days

All females and intact males must have official scrapie identification
