SUGGESTIONS FOR WRITING COMMENTARIES

An imaginative and informative 4-H Clothing and Textile Showcase commentary helps the model and the audience. The commentary tells the model when to appear on the stage, what fashion details to highlight and when to leave the stage. The commentary tells the audience the model's name, the special features of the garment and other interesting information.

An example of a GOOD commentary:

Sixteen-year-old Jody Rice is ready for the warm weather in this cotton/polyester dress. The bodice and skirt of her dress are softly gathered to a wide pleated cummerbund. She chose this pattern since she felt she could wear her new garment to many family functions. Jody learned several news skills while sewing her garment. These included putting in a zipper for the first time and setting in sleeves. Sewing in the zipper was certainly a challenge for her, but she was very happy with the final results. Besides sewing, Jody runs track and is the senior class secretary at Woodward High School. She is currently the president of the Montrose 4-H Club, and participates in the Foods, Clothing, Sheep and Leadership project areas. This dress will be quite useful to brighten up your-summer wardrobe Jody - have fun wearing it!

In preparing commentaries:

- Write light and lively descriptions.
- Be informative.
- Use active words, such as "Stepping out . . ." or "Ready for . . ."
- Use catchy phrases. Look in fashion magazines at ads.
- Description on the pattern envelope gives some good ideas.
- Avoid the obvious. Rather than saying, "yellow dress," say "sunny" or "lemon." Say "Buttons brighten the front," instead of "It buttons up the front."
- Create an appealing mental picture.
- The commentary should equal the time the model is on the stage. Commentaries are normally greater in length for an Advanced or Intermediate member versus that for a Beginner.

Descriptions might include:

- A lead sentence introducing the model by name, club, etc.
- Details of the garment.
- What the model has learned (selection/techniques).
- Accessories used.
- How the garment reflects the current fashion scene.
- 4-H background and special interests of the model.
- Amount of money saved.
- Special advantages/versatility, ease of care.
- Exit cue. "Have fun in the sun, Jennifer." "A great look for college next year."

Don't be afraid
