“The best part about memories is making them”

Marvelous Monday

Not even the detour could stop campers from lining up at the Camp Barnes gate. While the bus was yet nowhere in sight, State 4-H Camp had begun! As campers arrived and settled into their cabins, the heart and spirit of camp came alive. After a lunch of chicken patties and French fries, campers were informed on cabin rules and then headed to orientation to be briefed on more camp rules. After all that business was taken care of, campers had fun unscrambling words, such as Brigid, running man, Nova Scotia, snapchat, basalisk, and pollen. After great skits, campers headed off to their first people group meeting followed by free recreation, where campers enjoyed the pool, waterfront, and a volleyball game. Hungry campers then came to a delicious dinner of meatball sandwiches and a healthy salad. Afterwards, the evening began to wind down with a second people group meeting, reflections and flag lowering, and canteen. Campers then headed down to council circle where Voices and Echoes were announced. The bar was set high for the week to come! After council circle campers retreated to cabins, teeth brushing and bed.

Toasty Tuesday

As the siren sounded early in the morning, campers ran for the showers. After warm showers campers returned to clean their cabins and prepare for the day ahead. Their first camp breakfast consisted of piggle stick and yogurt. After breakfast campers headed out for AM Excitement—yoga—to get energized. Rain was not going to dampen their spirits. After that, campers went to their classes which consisted of archery, ice cream making, outdoor cooking, feet on fire, and animal science...just to name a few. Next, campers went to assembly to sing songs, hear cabin check, and receive mail. After lunch, campers welcomed a quick rest period after being outside all morning, followed by more fun and afternoon assembly! Traditionally, Tuesday is first-year camper night. Voices and Echoes helped prepare these first-year campers for the night ahead at council circle. After a delay in volleyball games, campers decided to have a dance and karaoke party before dinner, people group meetings, evening preparations and reflections. Canteen went by fast followed by a game of “Ride that Pony.” Campers then headed off to council circle for another great night!

“Today’s special moments are tomorrow’s memories”

Wonderful Wednesday

With an easy-starting morning, campers dodged puddles on their way to the showers, followed by cabin duties and breakfast. People groups did a great job performing their different duties, which included the dining hall, bathhouse, council circle, and grounds. AM Excitement focused on dancing, getting everyone ready for tonight's dance and dusting off the counselor's dance moves. First and second classes flew by fast, and then everyone was off to AM Assembly for mail call and to sing songs. After lunch, campers assembled for people group and camp pictures—no beauty rest today. Voices and Echoes went to people group meetings ready to plan the night's party ahead. Free recreation started with some kayaking, pool time, kan jam and volleyball. Evening preparations and dinner went by fast with ideas flying for plans for the party. The theme this year was “Super Heroes.” Turtles did Turtle Man and Captain Toilet. T-birds did Thunder boy. Moon & Stars did Blank Boy. Bears did Bear Man. All groups had the camp laughing, and while the fun was not over yet, we headed off to the cabins to change and clear clothing off the line before heading to dance the night away!

“Memories are special moments that tell our story”

Terrific Thursday

After a slow start and no one running to the showers, campers enjoyed a breakfast of delicious cheese omelets. During AM Excitement counselors tried to get campers awake and ready for the day ahead by doing stretches and yoga. Off to classes, campers were now energized. AM assembly was filled with songs, personal skits and cabin check. After lunch campers welcomed a much-needed, extended rest period as they were starting to get tired. PM assembly consisted of a relay race to see which people group could work together the best. Afterwards, campers met with their people groups to go over songs, yells, skits, a challenge and talent. Volleyball went well with the Turtles and Moon & Stars ending with a 2-1 score. Quick showers and off to dinner the campers went. Another people meeting, then campers sprayed down with bug spray in preparation for council circle. Voices and Echoes switched places with the Big Feet and had to perform a skit. The evening progressed with songs, skits, and yells and people group talents. It was a quiet walk back to cabins where campers fell asleep fast.

“Sometimes you will never know the value of a moment until it becomes a memory”

Fantastic Friday

As campers woke up to music and not a siren, the last full day of camp had begun. With lots of fun still ahead, campers did their morning routine then headed to breakfast. People group duties and AM excitement moved slowly, but campers hurried through their first and second classes to finish up their projects. AM assembly was next where campers got their final packages from loved ones and friends, and counselors won best bed for the cabin checks. After lunch, campers made their way to their cabins for a much-needed, extended rest period. People group meetings went by quickly in anticipation of the Voice and Echo vs Big Feet volleyball game that was going to be a good one. We had a rain delay but in the end the Big Feet came out on top. A turkey dinner with mashed potatoes, gravy and rolls was everyone’s favorite meal. Campers then strolled to the river front and to take pictures. After the second people group meeting, everyone was ready to get High Council rolling. As people groups lined up to head down, emotions started to run high and tears flowed. After council circle, a slideshow of the week began and afterwards, campers soon headed off to bed.

Raising & Lowering the Flag

The flag should be raised briskly and lowered slowly and ceremoniously. When the flag is lowered, no part of it should touch the ground or any other object. To store the flag it should be folded neatly and ceremoniously. Ordinarily it should be displayed only between sunrise and sunset. It should be illuminated if displayed at night. The flag of the United States of America is saluted as it is hoisted and lowered. The salute is held until the flag is unsnapped from the halyard or through the last note of music, whichever is the longest.

Flag Facts

The 50 stars on the flag represent the 50 states of the United States of America, and the 13 stripes represent the 13 British colonies that declared independence from the Kingdom of Great Britain, and became the first states in the US. When Alaska and Hawaii became states 49 and 50, President Eisenhower received thousands of ideas for an updated flag. Almost all of them were of a 50-star flag, including one from Robert G. Heft, a 17-year old student at Lancaster (Ohio) High, who created the design for a class project. He was one of three to submit the version that was accepted and remains in use today. Robert got a B- on his project.
