

REGISTRATION
2016 4-H SCIENCE SATURDAYS WORKSHOP SERIES

“Be a Citizen Scientist!”
 Entomology and Habitat Conservation
September 3, 9am-12noon

Ages: 8-12 years old
Location: Lums Pond State Park (Parking is free for participants)
Cost: \$10.00

Workshop participants will get to explore butterfly habitat at Lums Pond State Park and become citizen scientists through butterfly surveying and data collection. Participants will also be actively involved in saving monarchs by transplanting milkweeds take home and support their own monarch habitat. 30 attendees maximum.

“Chick It Out”
 Animal Science
November 5, 9am-12noon

Ages: 8-12 years old
Location: Fischer Greenhouse
Cost: \$10.00

During this informative and engaging workshop, participants will gain hands-on experience in poultry science through incubation and embryology projects such as candling experiments. You will even have the opportunity to see some chicks hatch!

30 attendees maximum.

“Build It, Don’t Break It!”
 Engineering
October 1, 9am-12noon

Ages: 8-12 years old
Location: NCC Cooperative Extension Office
Cost: \$10.00

Use teamwork and creativity to build a variety of structures that must withstand various tests of strength and stability. Your group’s final structure will be designed to protect an egg that’s dropped from greater than 10 ft. above the ground. You will have to build it to prevent from breaking it!

30 attendees maximum.

“The Science of Investigation”
 Biotechnology and Forensics
December 3, 9am-12noon

Ages: 8-12 years old
Location: Delaware Biotechnology Institute
Cost: \$10.00

Workshop participants will get a tour of the Delaware Biotechnology Institute and enjoy learning about their state-of-the-art facility. Participants will also get to conduct a forensics experiment to determine “who-done-it”!

30 attendees maximum.
