Delaware 4-H Interview Skills Workshop
February 21 and February 26, 2019

Facilitated by Doug Crouse, State 4-H Program Leader and Ernie Lopez, State 4-H Volunteer Coordinator

Delaware 4-H takes pride in preparing and training our young people for future success in all endeavors. To that end, our youth are in a unique position of having opportunities for enrichment and support. From scholarship and monetary assistance to internship and placement experiences that enable growth, now more than ever, enhanced skills are needed in order for our Delaware 4-H youth to reach many of these opportunities.

For the last three years, 4-H staff and a brigade of community and program volunteers have shared their time and talent to help our students grow through providing interview and resume writing workshops. These sessions have been tremendously successful with positive feedback from parents and participants relating successful outcomes due to the time taken to learn and new knowledge acquired. Personal and career development is critical in this ever-changing world and providing 4-H youth with these important life skills will continue to be a part of the mission of our program, building mastery and confidence on behalf of those we serve.
